

Broom Match Rules

2018

All standard fishery rules displayed at the fishery apply to this competition.
Fishing will commence and cease upon a signal given by the match organiser.
Each competitor may only use one hook and one line at any one time. Barbless hooks only.
No ground baiting or feeding until commencement of fishing.
No fishing allowed without the use of an acceptable bite indicator, i.e. float or marked tip.
You cannot fish with one set-up whilst feeding with another set-up, you can however feed by hand or catapult whilst fishing.

Swim Limits

Queensberry: No fishing past half way between your peg and the next occupied peg, with no limit out in front.
Wallace: No fishing past half way between your peg and the next occupied peg, with no limit out in front.

Bio Security

All keep nets and landing nets must be laid out on the bank in UV light to dry, and must not be placed in the water until 15 minutes before the start of the match.

Tackle Rule

All keepnets and landing nets must be of a fish friendly type.
All fishing rigs must have a separate hook length, no straight through rigs allowed

Golden Peg

Prior to the main draw, there may be a single peg drawn for the golden peg.
The golden peg prize fund can only be won by the overall match winner from that peg.
In the event that the golden peg fund is not won throughout the series, it will be added to the overall final's prize fund

Additional Rules

Any competitor leaving his/her peg for whatever reason must withdraw his/her line from the water or he/her will be disqualified.
If a competitor is playing a fish when all out is called, an additional 20 minutes is allowed to land that fish.
All fish over 2oz but be netted, no swinging fish to hand will be permitted.
Competitors must complete four out of the six rounds to qualify for any of the prizes
All competitors must ensure their peg is litter free at the match end to qualify for weigh in.
Peg area must be cleared of all obstructions prior to weighing to facilitate an efficient/safe weigh in and fish return process.
The angler must be present at the weigh in of his/her own catch.
Two Keepnets must be used, one for silver fish, the other carp.
Maximum weight per net 50lbs, with 20% margin for error i.e. 60lbs, this will be your maximum recorded weight.
The weigh in will be carried out by the match organiser's or persons appointed by the match organizers.
Netted fish will be removed from the water and returned to the water by the weigh in official.
The weigh in official will be the sole judge of the scale weight reading.
Any competitor breaking any of these match rules or fishery rules may be disqualified from the match or series.
Any objections/complaints must be lodged with the match organizers before the end of the weigh in.
In the event of any objections or complaints being lodged, the match organisers' decision will be final.
In the case of a points tie situation the decision will then go to a weight decision.
The match organisers reserve the right to refuse entry to any angler.

These rules and the competition format may be subject to change at any time by the organizers.
